Dear IOSCO Members,

Registration is now open for the 2017 IOSCO/Program on International Financial Systems at Harvard Law School (PIFS-HLS) Global Certificate Program for Regulators of Securities Markets.

IOSCO and PIFS-HLS jointly developed a two-phase program aimed at offering IOSCO members an executive education program that is exclusively tailored for regulators of securities markets.

Attendees have up to three years to complete both phases of the Global Certificate Program. Successful attendees will be awarded a joint certificate of participation issued by IOSCO and PIFS-Harvard Law School. Also, IOSCO members may attend any part of the program on a non-certificate basis.

Phase I consists of three components: online learning materials; an in-person module on regulation; and an in-person module on compliance. The in-person modules will be conducted at IOSCO Headquarters in Madrid (Spain) from June 19-30, 2017, and will cover the fundamentals and intricacies of securities regulation and compliance. These two week-long sessions will be delivered primarily by current or former securities regulators.

Phase II consists of a one week-long in-person module that will be conducted on campus at the Harvard Law School in Cambridge (Massachusetts, US) from December 3-8, 2017. This one week-long session will examine current and future regulatory challenges and emerging issues and will be delivered by leading academics, securities regulators and leading public policy makers.

While any IOSCO member employee may attend the program, it is specifically designed for regulatory staff with strong leadership potential and approximately five years of regulatory experience.
